DENNIS SHEM O. LIMO

DATA MANAGEMENT & MIGRATION SUPPORT

Email: shemdennis5@gmail.com Phone: +254 721 877 088 LinkedIn: linkedin.com/in/dennis-limo/

Location: Nairobi, Kenya

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience cleaning, checking, and moving data accurately between sources and systems. Digitised and cross-checked government records against source documents, run data quality checks in IFMIS, cleaned health data for a clinic, and documented every step so work can be traced and reviewed. Strong in Excel (lookups, pivot tables, data validation, conditional formatting) and SQL, with a firm habit of confidentiality when handling personal and financial records. Available immediately for a full-time, on-site role.

KEY SKILLS

Data Cleaning & Migration:	Identifying Duplicates, Incomplete Records & Inconsistencies, Data Formatting, Data Mapping, Consolidating Data, Post-Transfer Accuracy Checks
Validation & Reconciliation:	Cross-checking Records Against Source Documents, Flagging Discrepancies, Data Quality Checks, Audit-Ready Records
Excel & Spreadsheets:	Sorting & Filtering, VLOOKUP / XLOOKUP, Pivot Tables, Data Validation, Conditional Formatting, Advanced Formulas
Databases & Systems:	SQL (MySQL), IFMIS (Government ERP), Django-based Applications, Data Entry & Record Management
Tools & Analytics:	Power BI, Python (Pandas), Microsoft Office Suite, Google Workspace
Working Style:	Attention to Detail, Comprehensive Documentation, Confidentiality, Time Management, Independent & Team Collaboration

EXPERIENCE & PROJECTS

IT Intern | Data Quality & Records Support
March 2025 – July 2026

State Department for Lands and Physical Planning

- Ran data quality checks in IFMIS, finding and flagging duplicate, missing, and inconsistent records for correction.
- Resolved data discrepancies between records and supporting information before data utilisation.
- Maintained ICT asset records, documented technical fixes and changes, and handled records with strict confidentiality.
- Contributed to roughly 20% better system reliability through consistent issue identification and resolution.

Freelance Data Analyst & Developer
June 2019 – Present

Independent Practice

- Cleaned, organised, and analysed data for clients using Excel, SQL, Python, and Power BI, delivering clear diagnostic reports.

IT Attachee | Records Digitisation
June 2019 – August 2019

County Government of Nandi

- Digitised and entered land records into electronic databases using IFMIS tools, cross-checking entries against original documents.
- Resolved network and print equipment issues, improving overall system reliability by approximately 20%.

Field Engineer Intern
June 2023 – October 2023

Net Mtaani

- Maintained client networks and service records, improving overall service uptime by approximately 15%.

Key Projects:
Clinic Dengue Fever Analysis | OrbitIQ OCR Tool | Business Loan Platform

- **Clinic Dengue Fever Data Analysis:** Cleaned and organised health records handling sensitive patient data; analysed case patterns.
- **OrbitIQ (KCSE Results Capture Tool):** Built a Python OCR pipeline reading grades from photos of result slips into structured fields.
- **Business Loan Application Platform:** Built a role-based Django platform with audit-ready tracking and supported loan officers.

EDUCATION & CERTIFICATIONS

Bachelor of Science in Computer Science
Maseno University (2016 – 2021)

Cisco CCNA (Routing & Switching)
Cisco Networking Academy (2019 – 2020)

Data Science Core Programme
Moringa School (2025)

Introduction to Cybersecurity
Cisco Networking Academy (2026)

ADDITIONAL INFORMATION

Languages: English (Fluent), Swahili (Fluent)
Availability: Immediate. Comfortable with full-time, on-site schedule (8 AM – 5 PM, Monday to Friday).
References: Available upon request.
